Notice to Buyers

HEALTH - All bulls have been vaccinated for 3-Day and Vibrio. They have also been injected with 3 Germ Blood. The herd is TB and Brucellosis free. All Bulls J-BAS 7.

MEASUREMENTS - Fat scans, eye muscle area, scrotal size, weight and daily weight gain information will be supplied on the day of sale on supplementary sheets.

INSTRUCTIONS - All instructions covering delivery of cattle purchased at this sale must be given in writing and signed by buyer or his representative. A tear-off Instruction Sheet is provided for this purpose at the back of the catalogue.

DELIVERY - Delivery will be given at Ravensbourne on the day of the sale. If needed, bulls will be delivered to Blackall. Cattle awaiting trucking will be held free of charge for a period not exceeding two weeks. Every care will be taken but absolutely no responsibility will be accepted.

INSURANCE - Insurance representatives will be in attendance at the sale and will insure your purchases on the fall of the hammer if required.

REBATE - Vendor will allow 3% rebate to outside agents introducing buyers in writing 24 hours prior to the sale and settling on their behalf by 30th October 2018.

Important Notice

All livestock will be sold under the Queensland Livestock Agents Association Limited Standard Stud Stock - Auction Terms and Conditions of Sale that will be displayed on the day of the sale. All persons who attend the sale do so entirely at their risk and Strathmore Santa Gertrudis Stud, the Selling Agents, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever, which may occur.

Semen Morphology

Semen Morphology is the count expressed as a percentage (by an accredited Semen Morphologist) of the normal sperm in an ejaculate from a bull. Some types of abnormal sperm are unable to fertilise the egg while other types of abnormal sperm can fertilise the egg but then cause the resulting embryo to die. It is therefore likely that a sexually active bull with a high percentage of normal sperm will be more fertile than one with a low percentage of normal sperm.

Crush side semen testing without the examination of Semen Morphology is unreliable and incomplete.

The Bull Power Project found that semen quality particularly the percentage of normal sperm was consistently related to a high number of calves on the ground and a more compressed calving.

While a pass for Semen Morphology does not guarantee high fertility, continued failure almost certainly means relatively low fertilisation rates. By retesting the bulls that fail the initial test, our aim is to identify those animals that have a genetic weakness or a predisposition to be affected by outside factors. We place great emphasis on this comprehensive semen analysis and all Strathmore bulls sold must pass The Australian Cattle Veterinary Thresholds for specific and total abnormalities. Bulls that fail are removed from sale.

Test results are subject to change and are affected by sexual maturity, nutrition, to the rate of weight gain or loss, age, genetics, injury, illness, relocation and environmental stresses.

Bulls with results from 70%-100% normal sperm are deemed fertile for single sire mating. Bulls with 50%-69% are deemed as acceptable for multiple sire mating. The total percentage results for all bulls will be stated on the supplementary sheets on the day of Sale.

Accredited Semen Morphologists used:

Kellie Prosser

Accreditation No. - SMA0709

Sire Information

Strathmore Everest E594 (P)

Sire: Strathmore X196 (P)

Dam: Strathmore Z467

Everest, a grandson of Wave Hill Major, is a bull with great sire appeal, beautiful breed character and nice loose skin. At 9yrs 8months of age he demonstrates longevity which is testament to his structural soundness. Being the top performing bull of 2010 he was retained as a sire. He is a bull with volume, bone and great doing ability.

Strathmore Javelin J524 (PS)

Sire: Raytek Frontline F36 (P)

Dam: Strathmore C251

Javelin is a powerful bull who embodies muscle and width. He was an outstanding 2 year old in 2014 and was therefore retained as a sire. This bull has big testicles and great constitution and his progeny are showing a lot of promise.

Sire Information

Glen Oaks Jeremy J73 (P)

Sire: Yarrawonga Archer G280

Dam: Glen Oaks B73

Was purchased in 2015 for \$10,000. He is a very compact bull with very good muscle and excellent sheath. This bull is always in good condition and throws predominately poll calves.

Rosevale Ulysses G474 (PS)

Sire: Drensmaine Ulysses 821 (P)

Dam: Rosevale Zigzag Y539 (P)

Is a great big clean polled bull with a lot of sire appeal. He has grown into a massive bull and has a really tidy sheath. We continue to be impressed with his conception rate and post joining condition.

Sire Information

Yarrowonga Abraham F1116 (PS)

Sire: Waco Samson A106

Dam: Yarrowonga A407 (P)

Abraham was purchased in 2012 for \$24,000. He is a structurally faultless bull that continues to cover the paddock well. He has a beautiful coat and polled head. He was purchased for his winning combination of good coat and tidy sheath.

Waco Youthful E436 (PS)

Sire: Yarrowonga Ruthless Z276 (P)

Dam: Waco A485 (P)

We were very fortunate to be able to utilize this bull of the Bassingthwaite family. The tremendous muscle and width he possessed really shows in his progeny. For a bull of his age the ground that he covered was impressive, testimony to his structural soundness.

WITH YOU EVERY STEP OF THE WAY.

As well as working with Stud Stock producers, sharing industry knowledge and providing tailored advice on stud stock performance and management, we can also offer you expert auctioneers. From innovative conception and weaning solutions to national and global marketing options, our Stud Stock team can help you achieve more.
