#### BULL VIDEOS BY

---

## Notice to Buyers

**HEALTH** - All bulls have been vaccinated for 3-Day, Botulism, 7-in-1 and Vibrio. They have also been injected with 3 Germ Blood. The herd is TB and Brucellosis free.

---

**MEASUREMENTS** - Fat scans, eye muscle area, scrotal size, weight and daily weight gain information will be supplied on the day of sale on supplementary sheets.

---

**DNA TESTING** - The bulls have been DNA tested care of Zoetis to verify their sires and determine the probability of each of them producing a polled or horned progeny (HornPoll Test). We moved our DNA testing to Zoetis in 2019, we have genetic profiles for our females born from 2019 onwards (Q onwards). Some of the bulls will have their Dam and Sire DNA Verified where their Dam is a 2019 female or younger. The bulls with older Dams (2018 or older that is P and upwards) have been mothered up at the time of branding.

---

**INSTRUCTIONS** - All instructions covering delivery of cattle purchased at this sale must be given in writing and signed by buyer or his representative. A tear-off Instruction Sheet is provided for this purpose at the back of the catalogue.

---

**DELIVERY** - Delivery will be given at Ravensbourne on the day of the sale. If needed, bulls will be delivered to Blackall. Cattle awaiting trucking will be held free of charge for a period not exceeding two weeks. Every care will be taken but absolutely no responsibility will be accepted.

---

**INSURANCE** - Insurance representatives will be in attendance at the sale and will insure your purchases on the fall of the hammer if required.

---

**REBATE** - Vendor will allow 3% rebate to outside agents introducing buyers in writing 24 hours prior to the sale and settling on their behalf by 4th November 2024.

---

**DISCLAIMER** - The vendors have produced this catalogue with every effort to ensure the accuracy of the information, however, will not be responsible for any errors or omissions.

### Important Notice

All livestock will be sold under the Queensland Livestock Agents Association Limited Standard Stud Stock - Auction Terms and Conditions of Sale that will be displayed on the day of the sale. All persons who attend the sale do so entirely at their risk and Strathmore Santa Gertrudis Stud, the Selling Agents, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever, which may occur.

---

## Semen Morphology

Semen Morphology is the count expressed as a percentage (by an accredited Semen Morphologist) of the normal sperm in an ejaculate from a bull. Some types of abnormal sperm are unable to fertilise the egg while other types of abnormal sperm can fertilise the egg but then cause the resulting embryo to die. It is therefore likely that a sexually active bull with a high percentage of normal sperm will be more fertile than one with a low percentage of normal sperm.

Crush side semen testing without the examination of Semen Morphology is unreliable and incomplete.

The Bull Power Project found that semen quality particularly the percentage of normal sperm was consistently related to a high number of calves on the ground and a more compressed calving.

While a pass for Semen Morphology does not guarantee high fertility, continued failure almost certainly means relatively low fertilisation rates. By retesting the bulls that fail the initial test, our aim is to identify those animals that have a genetic weakness or a predisposition to be affected by outside factors. We place great emphasis on this comprehensive semen analysis and all Strathmore bulls sold must pass The Australian Cattle Veterinary Thresholds for specific and total abnormalities. Bulls that fail are removed from sale.

Test results are subject to change and are affected by sexual maturity, nutrition, to the rate of weight gain or loss, age, genetics, injury, illness, relocation and environmental stresses.

Bulls with results from 70%-100% normal sperm are deemed fertile for single sire mating. Bulls with 50%-69% are deemed as acceptable for multiple sire mating. The total percentage results for all bulls will be stated on the supplementary sheets on the day of Sale.

Accredited Semen Morphologists used:

## Sire Information

### Strathmore Memphis M18 (AI)(PP)

**Sire:** Yarrowonga Avenger G300 (PS)

**Dam:** Strathmore J207 (P)

**Lots:** 5, 10, 11, 26, 63, 73

Strathmore Memphis M18 (AI) (PP) is hard to fault. He is a very stylish bull with great shape and a tonne of breed character. Memphis shows great thickness and muscle. He has great sire appeal, a strong polled head and on top of that is a Homozygous Poll. His Dam, J207 (P) went on to have five more calves in five years. He has 6 sons and 11 grandsons in our 2024 Bull Sale. Memphis showed wonderful promise as a calf and he continues to impress us with his progeny.

### Yulgilbar Newport N146 (P)

**Sire:** Cardona Patterson P53 (P)

**Dam:** Yulgilbar J219

**Lots:** 48, 50, 72, 85, 87, 113

Newport was purchased by Strathmore at the 2019 Yulgilbar Sale. Despite being only 21 months at sale time he displayed very good growth traits and weight gain. He is very well-rounded bull. He consistently throws well-muscled calves with plenty of bone and breed character.

## Sire Information

### Strathmore L46 (P)

**Sire:** Dangarfield Va-Voom V227 (PP)  
**Dam:** Strathmore F613  
**Lots:** 13, 15, 25, 36, 100, 102, 106

L46 is a prolific calf getter. He's a powerful bull who throws a very consistent product just like his sire Dangarfield Va-Voom V227. L46 is well represented in this year's sale team. His calves have great muscle and tropical skin. We are retaining one of his calves from this drop for use as a future sire as we did last year.

### Yulgilbar Pheonix P26 (PP)

**Sire:** Talgai Jango J118 (P)  
**Dam:** Yulgilbar J107 (P)  
**Lots:** 21, 69, 80, 101, 119

Purchased in 2020. We thought Pheonix was the standout bull in the Yulgilbar draft that year. Pheonix carries a tremendous carcass which includes depth and length. A slick coated bull with a tidy sheath and a tropical skin. Phoenix is really putting a stamp on his calves at 'Strathmore'.

## Sire Information

### Strathmore Quigley Q116 (PS)

**Sire:** Strathmore F130 (AI) (P)  
**Dam:** Strathmore L287 (P)  
**Lots:** 16, 42, 67, 125

Quigley is a bull we saw plenty of potential in. He has a very tropical coat whilst maintaining a clean, tidy underline. With the full display of length, width and depth and a very desirable temperament he was also had one of the top weight gains in his year. Wanting to maintain his blood lines going here, we are retaining 2 of his sons this 2024.

### Strathmore Quota Q510 (PS)

**Sire:** Strathmore Memphis M18 (AI)(PP)  
**Dam:** Strathmore L275 (P)  
**Lots:** 8, 9, 30, 31, 32, 54, 61, 108

Just like his sire Strathmore Memphis, Quota is a powerful cherry-red bull, he was retained in the stud as one of the best performers in his group. Quota is an active, well put together bull and he breeds a very consistent product. His progeny are like 'peas in a pod', well-muscled calves with plenty of thickness and breed character.

### Yarrowonga Quiver Q732 (P)

**Sire:** Yarrowonga J576 (PS)  
**Dam:** Pinaroo 7302  
**Lots:** 37, 76, 92, 99

We purchased Quiver in 2020 for \$28,000 from the Bassingthwaighe Family. He showed plenty of potential with great muscling and width from head to tail. Quiver is a free moving bull with Sire appeal. We are happy to be retaining one of his calves this year as a future sire here at 'Strathmore'.
