

A close-up photograph of a brown cow's hide. The texture of the fur is visible, and there is a faint, white, stylized logo or brand mark on the hide, which appears to be the 'STRAT-MORE' logo. The logo is partially obscured by the texture and lighting of the hide.

## Introduction

We are excited to welcome you to our 25th Annual On-Property Bull Sale. Here at Strathmore we are a commercially focused operation. We have been managing our herd organically since 2013. The parameters placed on the management of our herd by being organic has in turn placed subtle pressures on the fertility of our females. That is, supplements are not fed to help the females cycle. They must fall pregnant and rare a calf without the assistance of lick.

Our store cattle are not given hormone replacements. We grow our steers out on grass and receive the feedback data. With the use of a Livestock Management Program we can import and observe the kill specifications of our cattle.

We mother-up at branding time which supports real time observation of how well the dam is rearing her calf and the health of the calf. We have genetic profiles on most females born in 2019 onwards which means we can verify if we have mothered up correctly via DNA testing.

Confirmation, constitution and temperament are a focus in our breeding program. Whether it's a female or male we retain in the herd or bulls we sell, we believe it's important the animal is able to bring longevity to the herd it is apart of. To do so, they must have a good disposition, one that is enjoyable to work with, structural correctness that gives them the best chance of not breaking down and health that enables them to rare or sire a calf year after year. We believe that by aiming to breed animals with a focus on fertility, confirmation, constitution and temperament we can offer you ready-to-work young bulls that will bring value to your herd.

The bulls on offer were weaned into a paddock of Buffel Grass. They were brought into the Homestead in June where we have been feeding them a high roughage mix that we mix ourselves. We believe that we offer them in ready-to-work condition.

Thank you for your interest in our cattle.

Yours sincerely,  
The Walker Family

### BULL VIDEOS BY

## Notice to Buyers

**HEALTH** - All bulls have been vaccinated for 3-Day, Botulism, 7-in-1 and Vibrio. They have also been injected with 3 Germ Blood. The herd is TB and Brucellosis free.

**MEASUREMENTS** - Fat scans, eye muscle area, scrotal size, weight and daily weight gain information will be supplied on the day of sale on supplementary sheets.

**DNA TESTING** - The bulls have been DNA tested care of Zoetis to verify their sires and determine the probability of each of them producing a polled or horned progeny (HornPoll Test). We moved our DNA testing to Zoetis in 2019, we have genetic profiles for our females born from 2019 onwards (Q onwards). Some of the bulls will have their Dam and Sire DNA Verified where their Dam is a 2019 female or younger. The bulls with older Dams (2018 or older that is P and upwards) have been mothered up at the time of branding. The bulls have been HD50K Tested by Zoetis Australia.

**HD50K** - HD50K provides a DNA profile used for calculation of Genomic Estimated Breeding Values in the Santa Gertrudis BREEDPLAN genetic evaluation. Consequently, some of the bulls on offer have Genomically generated E.B.V's and are available on the Santa Gertrudis Australia Website.

**INSTRUCTIONS** - All instructions covering delivery of cattle purchased at this sale must be given in writing and signed by buyer or his representative. A tear-off Instruction Sheet is provided for this purpose at the back of the catalogue.

**DELIVERY** - Delivery will be given at Ravensbourne on the day of the sale. If needed, bulls will be delivered to Blackall. Cattle awaiting trucking will be held free of charge for a period not exceeding two weeks. Every care will be taken but absolutely no responsibility will be accepted.

**INSURANCE** - Insurance representatives will be in attendance at the sale and will insure your purchases on the fall of the hammer if required.

**REBATE** - Vendor will allow 3% rebate to outside agents introducing buyers in writing 24 hours prior to the sale and settling on their behalf by 3rd November 2025.

**DISCLAIMER** - The vendors have produced this catalogue with every effort to ensure the accuracy of the information, however, will not be responsible for any errors or omissions.

### Important Notice

All livestock will be sold under the Queensland Livestock Agents Association Limited Standard Stud Stock - Auction Terms and Conditions of Sale that will be displayed on the day of the sale. All persons who attend the sale do so entirely at their risk and Strathmore Santa Gertrudis Stud, the Selling Agents, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever, which may occur.

## Semen Morphology

Semen Morphology is the count expressed as a percentage (by an accredited Semen Morphologist) of the normal sperm in an ejaculate from a bull. Some types of abnormal sperm are unable to fertilise the egg while other types of abnormal sperm can fertilise the egg but then cause the resulting embryo to die. It is therefore likely that a sexually active bull with a high percentage of normal sperm will be more fertile than one with a low percentage of normal sperm.

Crush side semen testing without the examination of Semen Morphology is unreliable and incomplete.

The Bull Power Project found that semen quality particularly the percentage of normal sperm was consistently related to a high number of calves on the ground and a more compressed calving.

While a pass for Semen Morphology does not guarantee high fertility, continued failure almost certainly means relatively low fertilisation rates. By retesting the bulls that fail the initial test, our aim is to identify those animals that have a genetic weakness or a predisposition to be affected by outside factors. We place great emphasis on this comprehensive semen analysis and all Strathmore bulls sold must pass The Australian Cattle Veterinary Thresholds for specific and total abnormalities. Bulls that fail are removed from sale.

Test results are subject to change and are affected by sexual maturity, nutrition, to the rate of weight gain or loss, age, genetics, injury, illness, relocation and environmental stresses.

Bulls with results from 70%-100% normal sperm are deemed fertile for single sire mating. Bulls with 50%-69% are deemed as acceptable for multiple sire mating. The total percentage results for all bulls will be stated on the supplementary sheets on the day of Sale.

## Sire Information

### Strathmore Shotgun S140 (P)

**Sire:** Classified Sire  
**Dam:** Strathmore P747  
**Lots:** 8, 9, 47, 51, 84, 87, 93, 99, 107, 109, 114

Shotgun was retained by the Stud in 2022. He is a well-muscled, moderately framed bull with a very tidy underline. His work rate is undeniable, siring 84 calves in his first joining. He is also a structurally sound bull with great conformation.

### Strathmore Quartermaster Q418 (PS)

**Sire:** Strathmore Juggler J406 (P)  
**Dam:** Strathmore K213 (P)  
**Lots:** 14, 16, 18, 30, 42, 49, 69, 92, 97, 108, 113

A beautiful big dark cherry-red bull, Quartermaster boasts plenty of length and width. He wasn't joined in 2023 due to injury but bounced back producing 32 calves in 2024 with 11 bulls catalogued in the Sale.

## Sire Information

### Santahat Sierra S64

**Sire:** Warendo Kilimanjaro K4 (P)  
**Dam:** Santahat J060  
**Lots:** 32, 44, 45, 85

Purchased in 2022 for \$26,000 from the Santahat Stud, S64 is a valuable addition to 'Strathmore'. A son of Warendo Kilimanjaro, Sierra is a heavy boned bull with a tidy sheath and a tonne of sire appeal. We are happy to be offering his first sons for sale this year.

### Waco Rolex R372 (PS)

**Sire:** Waco Baron (P)  
**Dam:** Waco K567  
**Lots:** 2, 26, 79, 86, 119

Rolex is a stylish bull with a very good sheath. He has terrific muscling with a great topline. We are retaining two of his sons this year.

## Sire Information

### Strathmore Quota Q510 (PS)

**Sire:** Strathmore Memphis M18 (AI)(PP)  
**Dam:** Strathmore L275 (P)  
**Lots:** 11, 55, 94, 96, 100

Just like his sire Strathmore Memphis, Quota is a powerful cherry-red bull, he was retained in the stud as one the best performers in his group. Quota is an active, well put together bull and he breeds a very consistent product. His progeny are like 'peas in a pod', well-muscled calves with plenty of thickness and breed character.

### Yulgilbar Newport N146 (P)

**Sire:** Cardona Patterson P53 (P)  
**Dam:** Yulgilbar J219  
**Lots:** 27, 41, 43, 63

Newport was purchased by Strathmore at the 2019 Yulgilbar Sale. Despite being only 21 months at the sale time he displayed very good growth traits and weight gain. He is a very well-rounded bull. He consistently throws well-muscled calves with plenty of breed character.

### Waco Reckless R450 (PS)

**Sire:** Waco Flinstone L28  
**Dam:** Classified Dam  
**Lots:** 17, 37, 61, 112

Purchased in 2021 from the Waco Stud for \$35,000, Reckless has been a valuable addition to the Stud. A very mobile, well put-together bull with an excellent carcass. We are retaining one of his sons this year.
